

Long Distance

Proficient Telecom's voice service plans include a large allocation of monthly long distance minutes, but even if you use more than what is included, you won't have to worry about surcharges, peak versus off-peak, or whether the call is inter- or intrastate. You'll pay a competitive flat rate for calls to anywhere in the United States.

For businesses that are heavy long distance users, Proficient offers three Long Distance service packs which may be added to any Proficient voice service plan.

Long Distance	2K Pack	5K Pack	10K Pack
Included Long Distance	2,000 anytime minutes	6,000 anytime minutes	10,000 anytime minutes
Call Destination	Anywhere in the U.S.	Anywhere in the U.S.	Anywhere in the U.S.
